The Government has an unwavering commitment to fostering mediation as a peaceful method for resolving disputes across diverse sectors. Our mission is to cultivate a culture of mediation among students, enabling them to recognize the value and practicality of mediation skills in amicably resolving conflicts. By equipping students with these essential life skills, we aim to foster healthy personal relationships and lay the foundation for a harmonious community.

This Seminar features a Panel Discussion where you will hear directly from experienced mediators and educators, students and parents about how they have successfully used mediation techniques to resolve conflicts in school settings with practical tips and lessons learned from their mediation experience. The Panel Discussion is followed by the Prize Presentation Ceremony of the Mediation Essay Competition 2024. Top 3 winners of each division are invited to share their views on mediation and insights on their awarded essay. The Seminar will end with the MFP Signing Ceremony for students.
